Year 11 bow out with spectacular Leavers' Ball

Our Year 11 students met up again last month as they celebrated the end of their school year with a lavish leaving party at Aintree Racecourse, *writes Head of Year 11, Ms Baker.*

The celebration, at the Golden Miller Suite, marked the end of the Year 11 journey for students following the completion of their recent GCSE examinations.

Our students, who enjoyed a three course meal and entertainment during the evening, had certainly made a lot of effort in preparation for the evening.

There was a very glamorous display of dresses and suits on show, which accompanied the Hollywood theme of the evening.

Representatives from Aintree Racecourse and Sacred Heart staff in attendance commented on how very impressed they were in the maturity of the students on the night. The conduct of the pupils was impeccable and a thoroughly enjoyable evening was experienced by all.

It has been a pleasure being the Head of Year for this group of fantastic students and I would like to wish them the best of luck for the future, whether that be in our 6th Form, or horizons further afield.

A range of awards were presented on the evening, including a Headteacher prize for naming the College newsletter, 'Heartbeat'. The name of the newsletter came from Katie Mooney, bottom left, (11T) and Daniel Ziegler (11R), bottom right, way back in 2010, when the pair were Year 7 students.

In recognition of this, both students received a prize for their contribution to the College. **GCSE Results day is Thursday, August, 20, from 9am in St Edward Hall.**

Enrolment for 6th Form will take place on Friday, August 21.

Students bend over backwards for Sportsday

Earlier this month, our students took time out of the classroom to enjoy their annual end of year Sportsdays. Set over two days in glorious sunshine, our young athletes raced, hopped, skipped and jumped into action as they took part in numerous track and field events.

PE's Mrs Hewlett said: "The two days were great fun, enjoyed by staff, students and onlooking parents."

News in brief

Year 10 will be involved in work experience activities throughout the week.

The annual Art & Technology Exhibition opens at 6pm tomorrow in the Prep Hall. Also on Thursday, there is an all day charity event for Years 7-9. On Friday, the Tomorrow's Engineers event takes place all day in the Lower Site Hall.
