## Values celebrated with awards presentations

Following the introduction of our new Sacred Heart values system, we have now celebrated our first rewards presentations, *writes Director of Middle School, Miss Clarke.*

It was wonderful to see how many of our students had received positive points from their staff for displaying integrity, respect, resilience, effort, kindness, attainment, self-improvement and community spirit.

These are the attributes we want all our students to show and we are very proud of our first recipients.

Awards were given from Heads of Year (HoY) and Directors of School (DoS), with one student being awarded the special Headteacher's Award from Mr Pye - a very impressive accomplishment.

Well done to all our award winners and we hope to see more students gaining positive recognition next half term.

*A full list of our award winners is on p2.*

# Read all about it

'Drop everything and read' was the message last week, as students were encouraged to pick up a book, magazine or newspaper and enjoy a celebration of the written word. Students from Years 7 -10, along with their teachers, stopped what they were doing during one of their lessons and read for 20 minutes.

Head of English, Miss Gregson, explains more about the ongoing drive to get people reading. She said: "This is a celebration of reading, designed to remind everyone to make reading a priority activity in their lives.

"The programme will run at a different time each week and has proven to be a real success. There was a wide range of literature on display, from classic novels to modern writers."

## And the winners are...

James Forest (7D) Values Award  
William Wharton (7D) Values Award
